Dear Parent or Guardian,

Because we believe that good dental habits begin at an early age, we include a dental health program in our Pre-K classroom. The first step in this program will be to assist the children in brushing their teeth daily.

In order to do this, we have special toothbrush container that keep the toothbrushes separated and clean. The center will provide Kid's Crest Toothpaste. If you would like your child to use a different toothpaste, please indicate that below. The following is the procedure that will be followed when assisting the children:

1. The children will be brought over one at a time.
2. The teacher will give them their toothbrush. (Clearly labeled with their name)
3. The child will be given a paper cup with a little toothpaste on the rim. The children will use their toothbrush to take the toothpaste off the cup and brush their teeth. Water will be used to rinse their mouth.
4. The toothbrush will be repositioned in the toothbrush holder.

You are encouraged to inspect the toothbrushes and holders. If you have any questions, please feel free to ask. Please sign below stating whether or not you would like your child to participate in the program.

Sincerely,

Heather Brunner
Director

Yes, I would like my child _____ to participate in this program.

No, I would not like my child _____ to participate in this program.

_____ I do NOT want my child to use Kid's Crest Toothpaste. I will provide toothpaste for my child to use.
